

## Math Departmental Examination Item Validation Seminars

The Ministry of Education invites interested teachers to participate in Mathematics 30 departmental examination item validation. Item validation is the process of reviewing and approving departmental examination questions prior to their use on provincial departmental examinations. Participation in a full day item validation seminar counts towards reaccreditation in mathematics. Participation in two seminars constitutes reaccreditation. Teachers do not need to be accredited to participate and are invited to participate in multiple days.

Up to 15 teacher applicants will be accepted per course and teachers may apply for more than one course. Teachers must have taught the course for which they are applying.

### Dates and Location:

Date	Subject	Location
July 5	Pre-calculus 30	Regina Centre Crossing 128-1621 Albert Street Regina, SK
July 6	Foundations of Mathematics 30	
July 7	Workplace & Apprenticeship Mathematics 30	

The Ministry of Education will reimburse teachers at government rates for mileage, meals and accommodations where applicable. Teachers will also be eligible for an honorarium of \$150.00 per day as per table 16, section 84 of *The Education Regulations*.

**Interested teachers must [register online](#) prior to May 20, 2016.** Selected applicants will be notified by May 27, 2016.
